

NOW IT'S SPENCER

FIGHT OF FACTIONS INVOLVE TWO INSTEAD OF ONE.

Five Days Ago Only the Official Scalp of Furnish was sought, but now there is a demand for the Fine-Silked Head Scalp of the Democrat Member-The Court House End of the Pop Party Want Mr. Spencer Quoted So As to Be Able to Get the Police Machine Into Their Own Hands.

The old saying that two persons, parties, cliques or factions can play the same game is now being exemplified most beautifully in this city. A few days ago the Eagle made some mention of the fact that an effort was being made to oust J. M. Furnish from the police board. That statement was an absolute truth based on information that could not for a moment be doubted. There is one thing quite certain, and that is that the friends of Furnish did not doubt it, for they immediately proceeded to organize a stiff fight, the intention of which is to remove George Spencer from the board. Both Spencer and Furnish may look pleasant, but they are involved in a fight that will end in disaster to one of them without a doubt. The court house end of the Demo-Pop combine—that is the sheriff and county attorney—have the police board in their hands to control the department as they see fit, and they are determined to have it. The element they represent is working under cover, and if George Spencer's friends are not vigilant there will be a nice blonde official scalp dangling from Joe Furnish's belt one of these fine mornings. The fact is, it now looks more probable that Mr. Spencer will get the worst of it than that Furnish will. The fight that will be put up on Spencer is that through his influence the support of the police department was withheld from the citizens ticket at the recent election. The friends of Furnish, and the men who are against the present administration of police affairs because they cannot handle it, are putting up a very stiff complaint against Spencer, and it is not at all unlikely or improbable that they will make it stick. The police are now letting the cat out of the bag in another way. Previous to the election they claimed it was a citizens ticket, but now they are virtually claiming that it was a Populist ticket all the time, else how could they expect a Populist administration to chastise the police commissioners for not supporting it. The friends of Spencer claim, first, that he gave a hearty personal support to the citizens ticket, and next, that he did not have to do it. He did not want to for the reason that it was neither a Democratic or Populist ticket, or a combination of both. There was nothing about the ticket, they said, that could claim the allegiance of a Democrat or Populist. They fight it on and it will be pushed to a far you well. The men who insisted on the appointment of Spencer cannot afford to let him fall now. They are on top, and if they are good politicians they will stay on top. If they allow the police department to slip into the hands of their enemies—men who will not hesitate to use its powers in politics—they might as well go out of business. Nearly all the Populists have taken sides on the question. The big crowd of disappointed office seekers have joined the enemies of the administration as it now stands, and as they have nothing to lose and everything to gain they will make the fight rather sure for Mr. Spencer and his friends. So far the fighting is done very quietly under cover of little caucuses here and there where the forces are being organized and plans of action secretly formed.

MAY MOVE FAIR GROUNDS

Proposition Submitted to New Company Worth Considering.

A proposition has been suggested to the new State Fair association which is worth considering and which, no doubt, will be considered and that carefully. The same mortgage company, it appears, own the present fair ground and the old Riverside Driving park. The proposition suggests is that the company could very profitably have the improvements at the present fair grounds moved to Riverside and re-erected there. In this is done it is thought by good business minds that a fair in this city can then be made a perpetual success. The half-mile track at Riverside is said to be a good one and easily put in order. It would make better racing in this city than the patrons would be better pleased with it for the reason that the horses would then be continuously within easy sight of them. The grand stand could also be located more sensibly than it is in the present fair grounds with nothing to prevent the hot afternoon sun from roasting the people. Another great advantage in having the State Fair and races at Riverside is the fact that it is within easy reach of its patrons who, if the street car service should happen at any time to be inadequate could easily walk to the fair.

And in the Meantime He Compliments the Children's Home.

James F. Rhoades, a shoemaker on West Douglas avenue, called at the Eagle office last night with a three-year-old daughter who has been in the Children's Home during the past month. He called to say that the Children's Home is an institution that the people of this city should be proud of, and he showed the ragged cheeks of the child to prove what he said. He was taking the baby home with him to spend a few days. Yesterday Rhoades applied in the district court for a divorce from his wife. He lost his first wife last summer by death, and in December he married again and lived happily with his wife for two months and his better half had a scrap and he left him and went to live with her sister in the north part of town. He says he did everything in his power to get her back, but she declined. He then asked for a divorce, alleging that she had deserted him and totally refused to take care of his child as a "mother" ought to.

CROWDED TO THE DOORS

The Paiges, a popular price company, played to a crowded house at the Crawford Theatre last night.

The Paiges, a popular price company, played to a crowded house at the Crawford Theatre last night. The standing room only sign went up long before the performance began. It was one of the biggest crowds seen in a Topeka play house this season. The company presented an old English comedy drama, "Harvest," very creditably. The entertainment was superior to many that have played to regular prices in Topeka this season. The play is well set and carefully costumed. The individual parts filled by Lillian Paige, Harry English, George W. Paige, Edna Paige and Frances Florida, were entirely satisfactory. Miss Florida's fancy dances pleased immensely, and there was general commendation for all.

MUSIC AND DRAMA.

The singing and dancing specialties were first class. The play was entirely satisfactory and the company will undoubtedly become popular favorites before the week ends.

Tonight the company will present "A Romance of Paris." The costumes and acting in this are especially meritorious, and the advance sale of seats has been very large.—Topeka Journal.
